

SMART | FAST | RELIABLE PROMARK INFORMATION KIOSK

Promark is a leading provider of interactive touchscreen kiosks, which allow users to navigate computer system by touching icons and links on screens. Touchscreens are quickly becoming the interface of choice for a vast array of environments. They stimulate the senses to provide memorable service experiences, while being so user friendly that they do not require any computer experience.

This new breed of interactive technology has diversified into every aspect of public life: hotels, airports, hospitals, shopping centres, bars, restaurants, colleges, banks, schools, campgrounds, medical centres, convention centres, public libraries, car dealerships, cruise vessels, book stores and more..

Our kiosk are ergonomically designed, take up very little space, serve many functions, possess remote management capability and offer unlimited future potential. We tailor the hardware and software of our kiosk to suit the wants and needs of each customer.

Latest in Technology, Effortlessly Reliable.
