

Multimedia Projector

HDMI and VGA terminals allow flexible connectivity options

HD and 3D ready

Reduces glare

High Contrast Ratio

Outstanding Image Quality

Excellent image quality is assured thanks to the combination of number of lamps and high contrast ratio.

HD and 3D Ready

A range of connectivity options including an HDMI and VGA port, allows flexible connection of input devices.

Short Throw Design

Short Throw projection means eliminating the glare that can disturb audiences when the projection beam is behind them.

Arrange presentations almost anywhere

With a footprint just larger than A4 sheet of paper and weighing very less, the projectors are very easy to carry around and simple to setup wherever you need it.
